

# Writing up a PhD thesis

Under construction

## 1 General remarks

- No repeats
- **Before starting to write:**
  - Learn to work, in Word, with
    - Styles
    - Dynamic crossreferences
  - Read [Style check your document!](#)
- **Referencing**
  - All statements of knowledge must be referenced, either to the literature (as a literature reference) or to your work in the thesis (as a crossreference).

## 2 The contents of the individual sections

### 2.1 Introduction

### 2.2 Results

### 2.3 Discussion

- The discussion is not there to repeat the introduction or the results. Only models, open questions, and outlook.

### 2.4 Materials and Methods
