**i** A "watch" is a means to get email, as soon as something changes within the watched scope.

- Browse to the

- select the space you are interested in
- click on "Browse Space > Advanced"
- click on "Start watching this space".

**✓** From now on you will receive an email, whenever content changes in this space, i.e. new blog posts, new pages, or comments to any content.

**📧** If you are viewing information on a page or news entry in a space that you watch, in the upper-right hand corner an envelope with a globe appears. That is an indication of that specific information being watched by you due to a space watch.

## **✓** Usage

Space watches are a great way to stay informed about important departments or project, and especially those, you are responsible for!

**i** To stop watching a space,

- Browse to the watched space
- click on "Browse Space > Advanced"
- click on "Stop watching this space".
