

# How to know your JACOBS account

You need your [Jacobs account](#) for various services, including

 Unknown macro: 'link-to'

, and [VPN access](#) services.

Your [Jacobs account](#) is the same as your [CampusNet](#) account.

## Search Yourself

You can search the Jacobs directory at <http://ircitweb.irc-it.jacobs-university.de/ldap-search.php>.

Please see [How to know your CampusNet user name](#) for more information.

 If the returned information appears incorrect, please contact

- the [personnel department](#) for employee data,
- the [registrar office](#) for student data,

to have it corrected.
