Hello to all Graduates from Jacobs University.

I am your candidate Rafael Almeida – From Rio de Janeiro, Brazil, if you have not yet met me please go to the Lecture Hall - Research 3 on Wednesday at 19:00 pm, so you can meet me and other candidates.

I will be running for the following position - SHSS Secretary General, I really hope I can have the honor to represent us Graduates. If elected I will do the best to attend and address your concerns, issues and problems in the best of my capabilities.

I hope you can participate on the elections, please vote and make your voice heard, and even if you are not sure who to vote for, go meet the candidates, and those who are already representing us. Remember most of us have basically the same problems, therefore expanding our social network will only help us overcome our issues.

Elections like this one, are great opportunities to socialize, and meet new friends, which ultimately is going to make our university feel like we are closer to home, therefore come show up at the Lecture Hall - Research 3 on Wednesday at 19:00 pm, hope to see you there.

Wish you all an excellent semester, take care.

Rafael Almeida.
